MY BROTHERS

SYNOPSIS

Over the Halloween weekend of 1987, three young brothers embark on an epic quest: to win and bring back to their dying father a replacement for his beloved watch, which came from an amusement arcade in Ballybunnion where they spent their family holidays.

Seventeen-year-old Noel (played by Timmy Creed), 12-year-old Paudie (played by Paul Courtney) and seven-year-old Scwally (played by TJ Griffin) steal the local bread van and set off for Ballybunnion.

It will be an off-beat and moving journey which, after encounters and adventures that will fortify them for the challenge of their father's impending death, can only lead them home
